The PDM-X Mixer series consist of multipurpose music mixers with USB port allowing you to directly connect a USB stick with MP3 files to the MP3 player. All information can be seen on the clear LCD display, with ID3 tag readout. The PDM-X mixers are also equipped with a BT receiver so you can stream music directly from your smartphone or other BT enabled device. For a reliable power source, the PDM-X mixers have +48V phantom power and come with an external power adapter. Ideal for studio use, audio recording, live performances, karaoke and many more.
