

PLAT-O-PARC 3

GENERAL INFORMATION

 **Dimensions:** 2,40 x 1,20 x 0,60

Transform urban spaces into lively, natural oases with PLAT-O-PARC, the modular system for modern recreational areas with added value.

Whether in a park, schoolyard or the courtyard of a residential area, the well-designed combination of seating and planting elements creates a pleasant place to spend time with character.

**PLAT-O-PARC – DESIGN RELAXATION, EXPERIENCE NATURE
THE SEATER AND PLANTER MODULES CAN BE FLEXIBLY
COMBINED IN THREE DIFFERENT HEIGHTS. THANKS TO THE
CLEARLY STRUCTURED GRID OF 1.20 x 1.20 M, YOU CAN
DESIGN ANY AREA INDIVIDUALLY – GEOMETRICALLY,
ORGANICALLY OR PLAYFULLY. IN JUST A FEW SIMPLE STEPS,
YOU CAN CREATE A GREEN MEETING PLACE THAT INVITES
PEOPLE TO LINGER, RELAX AND SOCIALISE. WITH PLAT-O-
PARC, URBAN DESIGN BECOMES A CREATIVE EXPERIENCE –
FUNCTIONAL, VERSATILE AND AESTHETICALLY APPEALING.**

THINK GREEN, DESIGN CITIES

The integrated planting areas not only bring greenery to the city, but also offer scope for climate adaptation and biodiversity. Even small areas can be ecologically enhanced – whether in the schoolyard, in front of the town hall or in the shopping district.

MADE FOR PLANNERS

Thanks to its high modularity, the system is particularly easy to plan. The effort required is minimal, while the design possibilities are vast. Whether as a pilot project or a large-scale design concept, its scalability makes it easy and efficient to use.

MATERIAL

Naturally robust For the construction, we rely on an honest combination of durable materials: larch wood and duplex-coated steel. The wood provides warmth and comfort, while the steel ensures stability and a modern look. Together, they create a furniture range that is as inviting as it is durable – ideal for long-term outdoor use.
