1. SAFETY AND WARNINGS

Please read the operation manual prior to start using the table. It provides you with important information about safety, use, installation and maintenance of the table, and thus protecting you and your children and avoiding damage on the table..

Please guard this operation manual and pass it on to any future owner!

2. GUIDELINES REGARDING ASSEMBLY AND USAGE

Usage:

- The electrical height adjustable changing table is designed to be used in a dry atmosphere (0-40°C; 20-90% relative humidity)
- For kids 0-36 months
- The changing table height is infinitely adjustable, so that it can be set to the most ergonomically suitable working level of the staff in a day care center or public day care
- Not been designed for other purposes than those included in this manual, e.g. they are not to be used in areas of high humidity or dampness, nor for lifting people.
- Any other use is at one's own risk!

Safety routines:

- Never leave the child unattended on the changing table
- The remote should be placed out of reach of small children. Switch off after use.
- Be aware of other children in the room while in use. Do not crawl, lie or move around under the changing table.
- When placing the changing table, be aware of other furniture. It is important with safety distance between the changing table and other furniture to minimize risk of jamming (?) at all.
- Ved brug af højdeindstillingen skal man altid være særlig opmærksom på om nye ting er blevet placeret i rummet siden sidst.
- The changing table is only to be used by the staff. The changing table is a work station, not a toy.
- The remote control must not be used if there are any signs of damage or wear and tear.
- If changing tables are mounted side by side a partition wall should be mounted to minimize risk of jamming.

Liability:

The manufacturer accepts under no circumstances warranty claims or liability claims for damages arising from improper use or handling of the table frame other than that described in this operation manual.

3. SET UP AND INSTALLATION

The changing table must be mounted by a skilled fitter or craftsman. All directions of this manual must be followed carefully.

Upon assembly, the fitter must place page 1 of this manual nearby the changing table.

4. OPERATION

Push the buttons to adjust the height. When the button is no longer pushed, the changing table will stop.

**5. MAINTENANCE AND DEFECTS**

- The table is only to be maintained with a wrung cloth. The changing table can under no circumstances be hosed down.

In the event of the occurrence of jarring sounds during operation, STOP using the table and please contact your dealer.

6. TECHNICAL DATA

Frame, materials:	Steel, powder coatet.
F_{MAX} = Max. load on changing table:	50 kg
Operation:	up/downpush button
Voltage:	100-240 VAC / 50-60Hz
Consumption:	80 Watt
Standby consumption:	< 1 watt

7. ASSEMBLY INSTRUCTION - TYPE BSR 105+107

Mounting the top brackets:

a) Mount the top brackets.

b) Mount four fixing brackets for top and attach three lead holders with screws.

Mounting of wall bracket, top etc.

c) Mount bottom wall bracket

d) Mount top in pre drilled holes

- place the top so the square holes in the top is symmetric placed around the columns
- tighten the screws

e) Mount top wall bracket

- f) Place the unit by the wall
- g) Mark for drilling (if necessary)
- h) Remove the unit again
- i) Ensure that A and B-measurements are the same
- j) Drill holes (if necessary)
- k) Mount the unit on the wall

Mounting the handset:

The plug from the handset and the AC cord must be inserted into the sockets and the wire from the handset attaches to the top (as shown on dotted line).

Important! The handset must be placed out of reach of children. It is the fitter's responsibility that this is the case!

Remove the Cross bar and the changing table is now ready for use.

The fitter must instruct the staff in proper use and the instructions of this manual.

8. ASSEMBLY INSTRUCTIONS FLOOR-type, BSR 117+119

a) Mount top brackets ref.page 5, mounting a) + b)

b) Mount either levelers or wheels

c) Mount handset

The plug from the handset and the AC cord must be inserted into the sockets and the wire from the handset attaches to the top (as shown on dotted line).

Important! The handset must be placed out of reach of children. It is the fitter's responsibility that this is the case!

d) Mount top in pre drilled holes

- place the top so the square holes in the top is symmetric placed around the columns
- tighten the screws

e) Mount wire basket

Remove the cross bar and the changing table is now ready for use.

The fitter must instruct the staff in proper use and the instructions of this manual.

9. ASSEMBLY INSTRUCTIONS side sink, BSR 107

a) The side sink can be mounted in either the right or left side of the top.
