

Inspection Checklist

Daily Visual Inspection

- ☐ Structure stands leveled and stable
- ☐ No visible cracks, splinters, or sharp edges
- ☐ All fasteners (screws, bolts) in place
- ☐ Surface free of ice, water, or debris

Monthly Maintenance

- ☐ Tighten all bolts and fixings
- ☐ Check for signs of corrosion
- ☐ Inspect paint or protective coating
- ☐ Verify anchor stability if anchored

Annual Technical Inspection

- ☐ Wood integrity: no rot or deep cracks
- ☐ Anchors secure and stable
- ☐ Oil the wood if needed with non-toxic water-based oil
- ☐ Label is clean, readable, and intact
